

Mangrove Fellowship

We are looking for an Investment Analyst Intern for a 6 month period from Q2 2024 onwards. The position will be located at our HQ in Luxembourg.

Mangrove is one of the oldest and most successful venture firms in Europe and was notably backed at an early stage by amazing companies such as Skype, Wix, Walkme, K Health, RedPoints, The Bank of London, etc. With offices in Luxembourg, Berlin, and Tel Aviv, Mangrove invests in early-stage ventures in the digital space across Europe and Israel.

What we offer...

A rare opportunity to learn about the venture business and gain deep insights into our diverse portfolio of companies. This role is slightly different from other classic VC internships in the sense that it is part of a larger, ongoing program and network: '[The Mangrove Fellows](#).' With 6 months, the internship period is longer, and the person will be even more involved in our team's day-to-day activities. You will support our investment team across the entire deal sourcing and making process, gain deep insights into our diverse portfolio of companies, support in various ad hoc research and portfolio company matters, and create long-lasting bonds with our team and the broader network - during and after the program.

What you have...

You will have an amazing time at Mangrove if you...

- are passionate about technology and startups
- have excellent communication skills (both written and oral)
- are highly self-motivated with the ability to work and think independently
- have a strong academic background. Technical background is a plus
- relevant work experience (tech, venture, startup, M&A) is definitely a plus
- are fluent in English. Fluency in German or French is definitely a plus

Next steps

If this sounds like a job for you, please send an email to jobs@mangrove.vc with the subject "Mangrove Fellow 2024 Application" and the following elements:

- CV, including social media links: LinkedIn, Twitter (optional), Personal project/blog (optional)
- Suggest one tech company that you think is interesting for Mangrove to invest in. Please give 1-2 reasons as to why (1 paragraph for each max)
- Tell us which technology trend or sector excites you and why (1 paragraph max)
- Indicate your earliest availability (dates)

We are looking forward to hearing from you! We will reach out where we see a strong potential match. The application deadline is February 15th 2024.
